Young Energy Researchers Conference

Energy Efficiency & Biomass

27 – 28 February 2019

- The Young Energy Researchers Conference is part of the World Sustainable Energy Days. With over 650 participants from over 50 countries each year, the World Sustainable Energy Days are one of Europe's largest annual conferences on sustainable energy.
- Linked to the main topics of the WSED19, the conference has 2 tracks, one for energy efficiency and one for biomass.
- The 2 best contributions are honoured with the **awards "Best Young Energy Efficiency Researcher"** and **"Best Young Biomass Researcher"**. The researchers receive 1,000 Euro each as prize money.

We look forward to your contributions!
